PROFESSIONAL SUMMARY

Motivated Artificial Intelligence & Data Science undergraduate with practical experience in Python full-stack development, C++, and web technologies. Skilled in software engineering principles, machine learning basics, and backend-frontend integration. Seeking an entry-level position to apply software development and data analysis skills to real-world technical problems.

TECHNICAL EXPERIENCE

Full Stack Python Developer Trainee *Tirupur, India*
Appin Technology

- Developed full-stack web applications, ensuring seamless integration between backend logic and frontend user interfaces.
- Optimized system reliability through active debugging, code testing, and participation in deployment workflows.
- Collaborated on software delivery pipelines while adhering to clean, modular code practices across the development lifecycle.

EDUCATION

B.Tech in Artificial Intelligence & Data Science *2024 – 2028*
V.S.B. College of Engineering Technical Campus CGPA: 8.58 / 10.0

Higher Secondary Education (12th Grade) *2024*
Government Higher Secondary School, Ganapathipalayam Percentage: 78.50%

Secondary School Leaving Certificate (10th Grade) *2022*
Government Higher Secondary School, Ganapathipalayam Percentage: 62.60%

TECHNICAL SKILLS

Programming Languages: Python, C++, C, Java

Web Technologies: HTML, CSS, JavaScript

AI & Data Science: Machine Learning Fundamentals, Natural Language Processing (NLP), Data Processing

Tools & Software: Visual Studio Code, Microsoft Excel, Git / GitHub

KEY COMPETENCIES

Time Management | Adaptability | Self-Motivation | Technical Communication | Problem Solving
